In an event that a person who qualifies to obtain and issue an LPO does not avail an LPO to the supplier at the time of purchase, the supplier is mandated to charge VAT at the standard rate. Such VAT, as correctly charged in the absence of a VAT LPO, will not be refunded in a case where such a person subsequently avails an LPO to prompt the refund.

Supplies to privileged persons not supported VAT LPOs will be regarded as standard rated supplies and will be assessed as such.
