Convention Between the Swiss Confederation and the Republic of Zambia for the Avoidance of Double Taxation with Respect to Taxes on Income and the Prevention of Tax Evasion and Avoidance.

The Swiss Federal Council and the Government of the Republic of Zambia.

Desiring to further develop their economic relationship and to enhance their cooperation in tax matters, intending to conclude a Convention for the elimination of double taxation with respect to taxes on income without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance (including through treaty-shopping arrangements aimed at obtaining reliefs provided in this Convention for the indirect benefit of residents of third States),

Have agreed as follows:

Article 1

Persons Covered

1. This Convention shall apply to persons who are residents of one or both of the Contracting States.
2. For the purposes of this Convention, income derived by or through an entity or arrangement that is treated as wholly or partly fiscally transparent under the tax law of either Contracting State shall be considered to be income of a resident of a Contracting State but only to the extent that the income is treated, for purposes of taxation by that State, as the income of a resident of that State. In no case shall the provisions of this paragraph be construed so as to restrict in any way a Contracting State's right to tax the residents of that State.

Article 2

Taxes Covered

1. This Convention shall apply to taxes on income imposed on behalf of a Contracting State or of its political subdivisions or local authorities, irrespective of the manner in which they are levied.
2. There shall be regarded as taxes on income all taxes imposed on total income, or on elements of income, including taxes on gains from the alienation of movable or immovable property, taxes on the total amounts of wages or salaries paid by enterprises, as well as taxes on capital appreciation.
3. The existing taxes to which this Convention shall apply are in particular:

a) in Switzerland:

the federal, cantonal and communal taxes on income (total income, earned income, income from capital, industrial and commercial profits, capital gains, and other items of income)

(hereinafter referred to as "Swiss tax");

b) in Zambia:

-- the income tax

(hereinafter referred to as "Zambian tax");

4. This Convention shall apply also to any identical or substantially similar taxes which are imposed after the date of signature of this Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes which have been made in their respective taxation laws.
5. This Convention shall not apply to taxes withheld at source on prizes in a lottery.

For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of that person's domicile, residence, place of incorporation, place of management or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. In the

absence of such agreement, that person shall not be entitled to claim any benefits provided by this Convention except those provided by paragraph 1 of Article 22 (Elimination of double taxation), Article 23 (Nondiscrimination) and Article 24 (Mutual agreement procedure).

Article 5

 - e) a workshop, and
 - f) a mine, an oil or gas well, a quarry or any other place of extraction or exploitation of natural resources.
3. The term "permanent establishment" shall be deemed to include:

 - b) the furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by an enterprise for such purpose, but only where activities of that nature continue (for the same or a connected project) within the Contracting State for a period or periods exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned;
 - c) for an individual, the performing of services in a Contracting State by that individual, but only if the individual's stay in that State, for the purpose of performing those services, is for a period or periods aggregating more than 183 days within any twelve month period commencing or ending in the fiscal year concerned.

 - b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

 - g) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs a) to f), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.
5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.
 6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, and conditions are made or imposed between that enterprise and the agent in their commercial and financial relations which differ from those which would have been made between independent enterprises, the agent will not be considered an agent of an independent status within the meaning of this paragraph.
 7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

Income from Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

Article 7

Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment, including executive and general administrative expenses so incurred, whether in the Contracting State in which the permanent establishment is situated or elsewhere.
4. In so far as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary. The method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.
8. A Contracting State shall make no adjustment to the profits that are attributable to a permanent establishment of an enterprise of one of the Contracting States after 5 years from the end of the taxable year in which the profits would have been attributable to the permanent establishment. The provisions of this paragraph shall not apply in the case of fraud, gross negligence or wilful default.

Article 8

International Transport

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.
2. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

 - or
 - b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.
3. A Contracting State shall not include in the profits of an enterprise, and tax accordingly, profits that would have accrued to the enterprise but by reason of the conditions referred to in paragraph 1 have not so accrued, after 5 years from the end of the taxable year in which the profits would have accrued to the enterprise. The provisions of this paragraph shall not apply in the case of fraud, gross negligence or wilful default.

Article 10

Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:
 - a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 10 per cent of the capital of the company paying the dividends throughout a 365 day period that includes the day of the payment of the dividend (for the purpose of computing that period, no account shall be taken of changes of ownership that would directly result from a merger or divisive reorganisation, or from a change of legal form, of the company that holds the shares or that pays the dividend);
 - b) 15 per cent of the gross amount of the dividends in all other cases.
3. Notwithstanding the provisions of paragraph 2, the Contracting State of which the company is a resident shall exempt from tax dividends paid by that company, if the beneficial owner of the dividends is

 - (iii) a statutory body or any entity wholly owned by the Government of Zambia or its political subdivisions or local authorities.
4. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of the limitations of paragraphs 2 and 3. Paragraphs 2 and 3 shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.
 5. The term "dividends" as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.
 6. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.
 7. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except in so far as such dividends are paid to a resident of that other State or in so far as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11

Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.
3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid to a resident of the other Contracting State who is the beneficial owner thereof shall be taxable only in that other State to the extent that such interest is paid to:

- (i) the Central Bank of Switzerland;
- (ii) a pension scheme as listed in clauses (i) to (iv) of subparagraph b) of paragraph 2 of the protocol to this Convention; and
- (iii) a statutory body or any entity wholly owned by the Government of Switzerland or its political subdivisions or local authorities; and

(b) in the case of Zambia:

- (i) the Central Bank of Zambia;
- (ii) a pension scheme as listed in clauses (i) to (iv) of subparagraph a) of paragraph 2 of the protocol to this Convention; and
- (iii) a statutory body or any entity wholly owned by the Government of Zambia or its political subdivisions or local authorities.

4. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of the limitations of paragraphs 2 and 3.
5. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.
6. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.
7. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the State in which the permanent establishment is situated.
8. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12

Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be

taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise, and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 5 per cent of the gross amount of the royalties.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.
5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment with which the right or property in respect of which the royalties are paid is effectively connected, and such royalties are borne by such permanent establishment, then such royalties shall be deemed to arise in the State in which the permanent establishment is situated.
6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 13

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Where income in respect of personal activities exercised by an entertainer or a sportsperson in that person's capacity as such accrues not to the entertainer or sportsperson but to another person, that

income may, notwithstanding the provisions of Articles 7 and 14, be taxed in the Contracting State in which the activities of the entertainer or sportsperson are exercised. 2. The provisions of paragraph 1 shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6, if the recipient of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein and the right or property in respect of which the income is paid is effectively connected with such permanent establishment. 1. In the case of Switzerland, double taxation shall be avoided as follows:
 - a) Where a resident of Switzerland derives income which, in accordance with the provisions of this Convention, may be taxed in Zambia, Switzerland shall, subject to the provisions of subparagraph b), exempt such income from tax but may, in calculating tax on the remaining income of that resident, apply the rate of tax which would have been applicable if the exempted income had not been so exempted. However, such exemption shall apply to gains referred to in paragraph 4 of Article 13 only if actual taxation of such gains in Zambia is demonstrated.
 - b) Where a resident of Switzerland derives dividends, interest or royalties which, in accordance with the provisions of Articles 10, 11 or 12, may be taxed in Zambia, Switzerland shall allow, upon request, a relief to such resident. The relief may consist of:
 - (i) a deduction from the tax on the income of that resident of an amount equal to the tax levied in Zambia in accordance with the provisions of Articles 10, 11 and 12; such deduction shall not, however, exceed that part of the Swiss tax, as computed before the deduction is given, which is appropriate to the income which may be taxed in Zambia; or
 - (ii) a lump sum reduction of the Swiss tax; or
 - (iii) a partial exemption of such dividends, interest or royalties from Swiss tax, in any case consisting at least of the deduction of the tax levied in Zambia from the gross amount of the dividends, interest or royalties.

Switzerland shall determine the applicable relief and regulate the procedure in accordance with the Swiss provisions relating to the carrying out of international conventions of the Swiss Confederation for the avoidance of double taxation.

- c) A company which is a resident of Switzerland and which derives dividends from a company which is a resident of Zambia shall be entitled, for the purposes of Swiss tax with respect to such dividends, to the same relief which would be granted to the company if the company paying the dividends were a resident of Switzerland.
- d) The provisions of sub-paragraph a) shall not apply to income derived by a resident of a

Contracting State where the other Contracting State applies the provisions of this Convention to exempt such income from tax or applies the provisions of paragraph 2 of Article 10 or paragraph 2 of Article 11 or paragraph 2 of Article 12 to such income.

2. In the case of Zambia, double taxation shall be avoided as follows:

Where a resident of Zambia derives income from Switzerland which may be taxed in Switzerland in accordance with the provisions of this Convention, the amount of the Swiss tax payable in respect of that income shall be allowed as a credit against Zambian tax imposed on that resident. The amount of credit, however, shall not exceed that part of Zambian tax which is applicable to that income.

Article 23

Non-discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.
2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.
3. Except where the provisions of paragraph 1 of Article 9, paragraph 8 of Article 11, or paragraph 6 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.
4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.
5. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

Article 24

Mutual Agreement Procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for that person in taxation not in accordance with the provisions of this Convention, that person may, irrespective of the remedies provided by the domestic law of those States, present that person's case to the competent authority of either Contracting State.
2. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of this Convention.

3. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with this Convention.
4. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.
5. Where,
 - a) under paragraph 1, a person has presented a case to the competent authority of a Contracting State on the basis that the actions of one or both of the Contracting States have resulted for that person in taxation not in accordance with the provisions of this Convention, and
 - b) the competent authorities are unable to reach an agreement to resolve that case pursuant to paragraph 2 within three years from the presentation of the case to the competent authority of the other Contracting State,

any unresolved issues arising from the case shall be submitted to arbitration if either competent authority so requests. The person who has presented the case shall be notified of the request. These unresolved issues shall not, however, be submitted to arbitration if a decision on these issues has already been rendered by a court or administrative tribunal of either State. The arbitration decision shall be binding on both States and shall be implemented notwithstanding any time limits in the domestic laws of these States unless both competent authorities agree on a different solution within six months after the decision has been communicated to them or unless a person directly affected by the case does not accept the mutual agreement that implements the arbitration decision. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this paragraph.

6. The Contracting States may release to the arbitration board, established under the provisions of paragraph 5, such information as is necessary for carrying out the arbitration procedure. The members of the arbitration board shall be subject to the limitations of disclosure described in paragraph 2 of Article 25 with respect to the information so released.

Article 25

Exchange of Information

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws concerning taxes covered by this Convention in so far as the taxation thereunder is not contrary to this Convention. The exchange of information is not restricted by Article 1.
2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to the taxes referred to in paragraph 1. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a Contracting State may be used for other purposes when such information may be used for such other purposes under the laws of both States and the competent authority of the supplying State authorises such use.
3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

- a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
 - b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
 - c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy (ordre public).
4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.
 5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

Article 26

Members of diplomatic Missions and Consular Posts

Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

Article 27

Entry into force

1. Each Contracting State shall notify to the other, through diplomatic channels, the completion of the procedures required by its law for the bringing into force of this Convention. This Convention shall enter into force on the date on which the later of those notifications has been received.
2. The provisions of this Convention shall have effect:
 - a) in respect of taxes withheld at source on amounts paid or credited on or after the first day of January of the calendar year next following the entry into force of this Convention;
 - b) in respect of other taxes for taxation years beginning on or after the first day of January of the calendar year next following the entry into force of this Convention;
 - c) in respect to Article 25, to information that relates to fiscal years or business years beginning on or after the first day of January of the calendar year next following the entry into force of this Convention. Article XX of the Convention between Switzerland and the United Kingdom of 30 September 1954 for the Avoidance of Double Taxation with respect to taxes on Income, extended to the Federation of Rhodesia and Nyasaland by an exchange of notes of 30 May 1961 between Switzerland and the United Kingdom and applicable to the Republic of Zambia, shall continue to be applicable for information regarding the taxable years before and including the year ending on the last day of December of the year this Convention enters into force.
3. The Convention between Switzerland and the United Kingdom of 30 September 1954 for the

Avoidance of Double Taxation with respect to taxes on Income, extended to the Federation of Rhodesia and Nyasaland by an exchange of notes of 30 May 1961 between Switzerland and the United Kingdom and applicable to the Republic of Zambia, will terminate in respect of the relations between Switzerland and the Republic of Zambia on the date this Convention becomes applicable.

Article 28

Termination

This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Convention, through diplomatic channels, by giving notice of termination at least six months before the end of any calendar year starting five years after the year in which this Convention entered into force. In such event, this Convention shall cease to have effect:

- a) in respect of taxes withheld at source on amounts paid or credited on or after the first day of January of the calendar year next following that in which the notice was given;
- b) in respect of other taxes for taxation years beginning on or after the first day of January of the calendar year next following that in which the notice was given.

IN WITNESS WHEREOF the undersigned, duly authorised thereto, have signed this Convention.

PROTOCOL

The Swiss Federal Council

and

The Government of the Republic of Zambia

Have agreed at the signing at [Lusaka] on the [29 August 2017] of the Convention between the two States for the avoidance of double taxation with respect to taxes on income and the prevention of tax evasion and avoidance upon the following provisions which shall form an integral part of the said Convention.

1. ad Article 1

Notwithstanding the other provisions of this Convention, a collective investment vehicle which is established in a Contracting State and which receives income arising in the other Contracting State shall be treated for purposes of applying the Convention to such income as an individual who is a resident of the Contracting State in which it is established and as the beneficial owner of the income it receives (provided that, if an individual who is a resident of the first-mentioned State had received the income in the same circumstances, such individual would have been considered to be the beneficial owner thereof), but only to the extent that the beneficial interests in the collective investment vehicle are owned by residents of the Contracting State in which the collective investment vehicle is established.

For purposes of this paragraph, the term "collective investment vehicle" means, in the case of Switzerland, a contractual fund as defined in Article 25 and an investment company with variable capital as defined in Article 36 of the Federal Act on Collective Investment Schemes of 23 June 2006 and, in the case of

Zambia, a Collective Investment Scheme as defined in Section 72 of the Securities Act, Chapter 354 of the Laws of Zambia, as well as any other investment fund, arrangement or entity established in either Contracting State which the competent authorities of the Contracting States agree to regard as a collective investment vehicle for purposes of this paragraph.

Notwithstanding the other provisions of this Convention, a Swiss limited partnership for collective capital investment schemes as defined in Article 98 of the Federal Act on Collective Investment Schemes of 23 June 2006 which receives income arising in Zambia shall not be treated as a resident of Switzerland, but may claim, on behalf of the owners of its beneficial interests, the tax reductions, exemptions or other benefits that would have been available under this Convention to such owners had they received such income directly. It may not make such a claim if the owner has itself made an individual claim for benefits with respect to income received by the partnership.

2. ad sub-paragraph i of paragraph 1 of Article 3

It is understood that the term "pension scheme" includes the following and any identical or substantially similar funds which are established pursuant to legislation introduced after the date of signature of this Convention:

a) in Zambia, any pension scheme covered by:

- (i) the National Pension Scheme Act CAP 256;
- (ii) the Local Authorities Superannuation Fund Act 284;
- (iii) the Workers Compensation Act No 10 of 1999;
- (iv) the Public Service Pension Act CAP 260

b) in Switzerland, any pension scheme covered by

- (i) the Federal Act on old age and survivors' insurance, of 20 December 1946;
- (ii) the Federal Act on disabled persons' insurance of 19 June 1959;
- (iii) the Federal Act on supplementary pensions in respect of old age, survivors' and disabled persons' insurance of 6 October 2006;
- (iv) the Federal Act on income compensation allowances in case of service and in case of maternity of 25 September 1952;
- (v) the Federal Act on old age, survivors' and disabled persons' insurance payable in respect of employment or self-employment of 25 June 1982, including pension funds which offer individual recognised pension plans comparable with occupational pension plans;
- (vi) the Federal Act on Vested Benefits of 17 December 1993;
- (vii) paragraph 6 and paragraph 7 of Article 89a of the Swiss Civil Code of 10 December 1907;
- (viii) paragraph 1 of Article 331 of the Federal Act on the Amendment of the Swiss Civil Code (Part Five: The Code of Obligations) of 30 March 1911.

3. ad Article 4

In respect of paragraph 1 of Article 4, it is understood and confirmed that the term "resident of a Contracting State" includes in particular:

a) a pension scheme established in that State; and

- b) an organisation that is established and is operated exclusively for religious, charitable, scientific, cultural, sporting, or educational purposes (or for more than one of those purposes) and that is a resident of that State according to its laws, notwithstanding that all or part of its income or gains may be exempt from tax under the domestic law of that State.

4. ad Article 17

It is understood that the term "pensions" as used in Article 17 does not only cover periodic payments, but also includes lump sum payments.

5. ad Articles 17 and 23

As regards Article 17 and Article 23, contributions to a pension scheme of a Contracting State that are made by or on behalf of an individual who renders services in the other Contracting State shall, for the purposes of determining the individual's tax payable and the profits of an enterprise which may be taxed in that State, be treated in that State in the same way and subject to the same conditions and limitations as contributions made to a pension scheme in that Contracting State, provided that the individual was not a resident of that State, and was participating in the pension scheme, immediately before beginning to provide services in that State.

6. ad Article 25

- a) It is understood that an exchange of information will only be requested once the requesting Contracting State has exhausted all regular sources of information available under the internal taxation procedure.
- b) It is understood that the tax authorities of the requesting State shall provide the following information to the tax authorities of the requested State when making a request for information under Article 25:
 - (i) the identity of the person under examination or investigation;
 - (ii) the period of time for which the information is requested;
 - (iii) a statement of the information sought including its nature and the form in which the requesting State wishes to receive the information from the requested State;
 - (iv) the tax purpose for which the information is sought;
 - (v) to the extent known, the name and address of any person believed to be in possession of the requested information.
- c) It is understood that the reference to "foreseeable relevance" is intended to provide for exchange of information in tax matters to the widest possible extent and, at the same time, to clarify that the Contracting States are not at liberty to engage in "fishing expeditions" or to request information that is unlikely to be relevant to the tax affairs of a given taxpayer. While subparagraph (b) contains important procedural requirements that are intended to ensure that fishing expeditions do not occur, clauses (i) through (v) of subparagraph (b) nevertheless are not to be interpreted in order to frustrate effective exchange of information.
- d) It is understood that Article 25 does not require the Contracting States to exchange information on an automatic or a spontaneous basis.
- e) It is understood that in case of an exchange of information, the administrative procedural rules regarding taxpayers' rights provided for in the requested Contracting State remain applicable. It is further understood that these provisions aim at guaranteeing the taxpayer a fair procedure and not at preventing or unduly delaying the exchange of information process.
